

Activity Report 2021-22

“We believe that every child has a right for excellent education”

Mr. Santosh Phad
Founder & Managing trustee

Dear Reader,

It gives me immense pleasure to share Thinksharp Foundation's 2021-2022 annual activity report. It's a proud moment, to say we have completed 10 years of this enriching social betterment journey, and we Thinksharp Foundation will continue to strengthen rural schools with our various initiatives to provide them excellent educational resources.

Our approach through infrastructure and skills development has reached more than 12000 children from 100+ rural Govt. school across the Maharashtra. This is all possible due to our donors, beneficiaries, volunteers, partner organizations and our Thinksharp Foundation team. ThinkSharp Foundation team also has grown to a team of total 11 full time employees , 50+volunteers, 10+ corporate supporters and 500+ individual donors. Although, this year we were hit with COVID 19 Pandemic, and we all went through lots of challenges, but we emerged with new solutions as well.

It was no different or perhaps worst for our rural children who faced immense challenge as the schools remained close. Also being from very rural and financially disadvantaged sector accessing the education online was a big hurdle for teachers and rural children. But like all of you, we also came up with solutions to the best capacity in continuing to provide educational access to rural children through various digital initiatives.

While children are back to school now after a long gap and are enjoying their best time with them friends and engaged in learning process, we are still harnessing the digital initiatives we implemented and in person programs continue to run for betterment of educational resources.

I thank you each one of you who supported us in this mission. I would like to request you to read our annual report for more inspiring stories and programs and would love to have your suggestions, comments, and feedback.

Thank you!

Thinksharp Foundation is a non-profit organization, established in 2011.

Digi Library

“VIDYARATH” is aimed to deliver 21st century education at doorstep

“VIDYARATH” concept evolved when physical school education was not possible due to the COVID19 outbreak. We thought if children can not come to school, school should reach to children. With the help from our CSR partner Forms and Surfaces India Pvt Ltd, we launched mobile school “Vidhyarath” in rural Pune, which is equipped with STEM lab, Computer education, Modular library and full time fellow as a teacher.

StudyFin

StudyFin project supports financially disadvantaged children to pursue school education, vocational education and university courses. Special emphasis is for the girls who cannot pursue or have dropped out of the school due to financial constraints. StudyFin offers financial assistance up-to INR.30,000/-

Impact Story

"हिमेश अगदी सुरुवातीपासूनच फार उत्साही होता. थिंकशार्प फौंडेशनचा डिजिटल क्लास रूम व स्टडीमॉल सुरू झाल्यापासून प्रोजेक्टर कधी चालू होईल याची हिमेश रोज वाट पाहायचा. विज्ञान विषय डिजिटल स्वरूपात शिकण्यास तो नेहमी अगदी कुतूहलाने तयार असतो. कालांतराने तो स्वतः सर्व सिस्टीम चालवायला शिकला. मी एखादा दिवस किरकोळ रजेवर असल्यास तो स्वतः अभ्यासक्रम वर्गात लावतो आणि संपूर्ण वर्ग त्याचा आस्वाद घेतो.

स्टडीमॉल ची पुस्तके बघून हिमेशला फार आनंद झाला. त्यातील पुस्तके चाळून काढायला त्याने सुरुवात केली. त्यातून त्याला वाचनाची आवड निर्माण झाली"

Why StudyFin?

"Pratik(Name changed), is a very passionate guy who is hardworking and focused on his career goals. A few years back his father expired due to a heart attack, afterward his elder brother stop his education and start working to support his family and his mother also started working in the mill so that Pratik will get good education and job.

Recently Pratik completed his degree and started working, meanwhile he got selected for a Master's degree at German University. But because of this pandemic, he is going through financial difficulties so he approached us for some financial assistance for the same. ThinkSharp foundation helps him INR 30000 to support his higher education."

Stakeholder testimonials

Ashish Maheshwari (MD)
Forms And Surfaces India Pvt Ltd

“We are very happy to partner with Thinksharp foundation. They are doing good job in education field and helping millions of rural kids access benefits of digital learning. We found the team capable and committed.”

Mandeep Kaur
Founder, TribesForGood

“Thinksharp Foundation has an excellent network of schools where the teachers and students are invested in learning. As a partner organization, we have seen firsthand how effective their programs are. One thing that stands out for Thinksharp is their new age thinking and fast implementation which is aligned with TribesForGood.”

Rajnikant Mendhe
Teacher, Z.P. School, Gohre Bk.

“मागील अनेक वर्षांपासून थिंकशार्प फाउंडेशन आमच्या शाळेत वेगवेगळे उपक्रम राबवित आहे. लायब्ररी ,डिजीटल क्लासरूम, कॅम्पुटर मित्रा ,इ. उपक्रमामुळे विद्यार्थ्यांना वेगळे अनुभव देण्यासाठी शिक्षक म्हणून मला थिंकशार्प फार उपयोगी ठरली आहे. असेच सहकार्य मिळावे ही विनंती करतो आणि पुढील कार्यासाठी शुभेच्छा देतो.”
